## SHOWING AND COMMENTS

The State University of New York ("WFNP"), the licensee of non-commercial, WFNP (FM) Rosendale, New York, respectfully submits its comments in the above referenced proceedings.

In the Commission's Notice of Proposed Rule Making, the Commission asked us to clarify whether we were seeking the allotment of Channel 273A as a reserved or non-reserved channel. We are requesting that channel 273A be allotted as a non-reserved channel, however, we will operate the station WFNP as noncommercial. We will file an application for a Construction Permit, if Channel 273A is allotted and, if authorized, build the station promptly.

Should other parties express interest in providing Rosendale with local service, channel 255A is available for allotment, as documented in our petition.

Respectfully submitted,

The State University of New York
